

# Clinician Profile

## Amelia Steelman, PT, DPT

### Welcoming Amelia Steelman

**Amelia Steelman** is a dedicated professional whose goal is to provide a compassionate and informative environment for her patients to best collaborate with them in reaching their rehabilitation goals. Amelia is trained in effectively treating a multitude of patients with orthopedic, neurological and oncological conditions as well as musculoskeletal injuries and post-operative care. She especially enjoys working with patients under post-operative care including lower extremity joint arthroplasties, as well as orthopedic injury, low back pain and cervical spine pathologies. In addition, Amelia has seen notable success in treating patients with neurological conditions and balance issues, including vestibular rehabilitation.

### Education and Certifications

- **Doctor of Physical Therapy**  
*Stockton University - 2022*
- **Bachelor of Health Sciences**  
*Stockton University - 2016*

**Amelia's Vision...** I am passionate about providing the best care possible and helping my patients return to the activities that they love. I accomplish this through the development of an evidence-based, individualized plan of care, open communication and providing each patient a welcoming environment in which they are motivated to meet their goals. As a physical therapist, my greatest satisfaction is enhancing the lives of my patients by having the opportunity to guide them through their rehabilitative journey.
