

# Clinician Profile

## Rosalee “Rose” Kelisek, PT, DPT

Years of Clinical Experience: 13

**Rosalee Kelisek** is an accomplished professional who is devoted to working in collaboration with patients to achieve their optimal physicality, while empowering them as an active participant in their rehabilitation journey. As a skilled communicator and listener, Rose is adept at engaging her patients in meaningful conversations about their conditions and how best to reach their goals effectively. Rose specializes in exceptional patient care and is proficient in the treatment of cervicalgia associated with trauma, posture abnormalities, migraines and TMJ dysfunction, low back pain with and without pelvic alignment abnormalities, pre- and post-op shoulders, hips, knees, ankles, necks and backs. Her clinical expertise is evidenced with every patient encounter.

### Education and Certifications

- **Doctor of Physical Therapy**  
*University of the Sciences, Philadelphia - 2009*
- **Bachelor of Science – Health Sciences**  
*University of the Sciences, Philadelphia - 2009*
- **Continuing Education** – Optimal Rehabilitation and Performance of the Overhead Athlete; Functional Geriatrics; High Intensity Interval Training; Advanced Concepts in Post-Operative ACL Rehabilitation

**Rose’s Vision...**One of the most important aspects of my job as a physical therapist is that each patient is treated as an individual. From the very first day, the plan of care is customized to their goals, and throughout treatment, adjustments are made to aid in the achievement of their best outcomes for long-term improvement.
