- **Vestibular Rehab and Balance Training**
- **Assessment and treatment strategies for Benign Paroxysmal Positional Vertigo (BPPV)**

Victoria's Vision...As a physical therapist, I am focused on helping each patient regain function and return to their activities. I focus on making a patient's plan unique to them and take great care when designing a program so it meets all of the patient's needs. I believe physical therapy should be an enjoyable experience and I do my best to ensure that every patient looks forward to their sessions.
